

EMESSA

PRINTABLE BRACELET SIZING GUIDE

**Doubting your bracelet, bangle, or cuff size?
We're here to help make sure upgrading your
arm jewels is as stress-free as possible.**

STEP 1

**First, print this document out ensuring the
page scaling is set to 100% for a full A4 page.
When printed, check the line below – it
should measure exactly 30mm. This is your
accuracy guide.**

STEP 2

**Cut out the ruler and cut open the
slit at the base of the ruler (where it
says 'Cut Me', we like to make
things easy).**

STEP 3

**Wrap the sizer around your wrist or
if you're measuring for a bangle,
the widest point of your hand. Make
sure the numbers are visible, and
insert the tip though the slit. Adjust
until you have a nice, close fit
around your wrist or hand.**

STEP 4

**Look at the measurement where
you've inserted the tip of the sizer
through the slit you've cut, and
voila, you have your wrist or hand
size circumference.**
